

Elevate your smile

7 ways to make the most of your dental plan

1. Save with PPO.

Choose a network dentist to maximize your savings. These dentists have agreed to reduced fees, and you won't get charged more than your expected share of the bill.¹ Find a network dentist at deltadentalins.com:

- Save the most by visiting a **Delta Dental PPO** dentist.²
- Your next best bet, **Delta Dental Premier**[®], is the largest dental network nationwide.³

2. Create an online account.

Check your coverage and get a cost estimate at deltadentalins.com. If you'd like an ID card, you can view or print one online. To save time and paper, update your settings to paperless. You'll receive an email when a new dental benefits statement is available.

¹ You can still visit any licensed dentist, but your out-of-pocket costs may be higher if you choose a non-Delta Dental dentist. PPO and Premier dentists won't bill you for any amount over their contracted fees. You are responsible for any applicable deductibles, coinsurance, amounts over annual or lifetime maximums and charges for non-covered services. Non-Delta Dental dentists may bill the difference between their usual fee and Delta Dental's maximum contract allowance.

² In Texas, Delta Dental Insurance Company provides a dental provider organization (DPO) plan.

³ Delta Dental Premier is the largest dentist network nationwide based on total unique dentists, as of September 2022, according to Zelis Network360.

⁴ Group- and state-specific exceptions may apply. Please review your plan booklet for details about coordination of benefits, including rules for determining primary and secondary coverage.

3. Seek diagnostic and preventive care.

Your plan covers regular exams and cleanings at low or no cost to help catch problems before they require costly, extensive treatment. Overall health can affect your dental health, from hypertension to pregnancy. Start each dental visit with a quick chat about any issues or medications.

4. Coordinate benefits.

Are you covered under a second dental plan? Ask your dentist to include information about both plans with your claim, and we'll handle the rest.⁴

5. Stay informed.

Get oral health tools and tips at deltadentalins.com/wellness. Don't forget to subscribe to *Grin!*, our free dental wellness magazine.
