

# Aflac Voluntary Benefits

## Accident, Critical Illness, and Hospital Indemnity Insurance

For some extra protection if you find yourself on the bench, you can purchase accident, critical illness, and/or hospital indemnity insurance. These plans pay a fixed, one-time benefit if you have an accidental injury, illness, or hospitalization. You can use your payment for anything you want or need, like a ride to an appointment, care at home, or child care. It can also be used to help cover those expenses your medical plan may not.

### Aflac Accident - Employee Paid

	Employee Only	Employee & Spouse	Employee & Child(ren)	Employee & Family
